

Your Free Dental Consultation

Let's Talk About Your Smile!

Your free consultation is your chance to discuss your dental concerns and explore how we can help you achieve your oral health goals. Here's what you can expect:

- 1. We Listen:** We will take the time to understand your unique needs and desires for your smile.
- 2. Explore Options:** We will discuss possible treatment options and alternatives that might be a good fit for you.
- 3. Cost Transparency:** We will provide a general idea of treatment costs to help you with initial planning.

Next Steps:

- 1. Full check-up:** In some cases, a more detailed examination with x-rays may be necessary to determine the best course of treatment. This examination allows us to create a personalised treatment plan and provide the most accurate cost estimate.
There is charge of £58 for this full check-up
- 2. Treatment Acceptance:** if you decide to proceed with treatment, the cost of the check-up will be put towards your overall treatment cost depending on the treatment type e.g. composite bonding, veneers, dental implants and whitening.

We look forward to meeting you and helping you achieve a healthy, beautiful smile.

Thank you
